Regensburg

Dear Sir,

As we celebrate another year of success in our association and of course our school in particular, it is my singular honor to once again write to you and inform you of all the activities that we are engaged in as far as socialis for the Gambia is concerned.

We are to able to achieve a lot in the past years because of your support to the development of our association and we have not lose side of this fact, as been one of our major sponsor since our inception, ten years ago. I thank you and salute you for your continuous support and generosity towards our noble cause.

The school which is the founding father is on tract and as I write, we are educating over 500 pupils from Nursery to Primary level, who would have been on the streets if socialis for the Gambia was not in existence and thank you for your support.

At the Upper Basic school, We are also sponsoring around 60 students who might not continue their education, if we were not there to help, again all this possible through your financial support. Thank you.

The Skill Center has already started with sewing now and we are again supporting 20 young ones whose future were in darkness but now with our support, their future is bright, thank you for your intervention in that area.

The Sintet Project has started with a borehole and here too many young ones whose future were at stake would have a brighter future due to our support, likewise we will be able to provide clean drinking water to the people which is a fundamental necessity to human development, here again you have supported us to realize our dreams. Thank you for your support.

All the above mentioned projects would not have taken place without your full moral and financial support and we as an association are very proud of you and would always count on your usual support.

Once again, on behalf of Socialis for the Gambia and Sannehtentereng Kindergarten and Lower Basic school, I wish to express our sincere thanks and appreciation for your kind gestures and financial support towards the development of our school and other projects.

While anticipating, we will kindly solicit your continuous support for future developments.

May the Almighty God bless you all and your company.

Yours truly

Hatab Beyai

Coordinator, Socialis for the Gambia
